

Global Principles for Sustainable Securities Lending Progress Report

Strategic appointment

Global PSSL
College of
Advisors

This progress report was issued by the Global PSSL Secretariat.

Dear Stakeholders

Global PSSL has been setting a high standard for transparent and sustainable securities lending since 2018.

The main objective of the Global PSSL College of Advisors is to provide broader expertise so that Global PSSL continues to evolve as an authentic, impartial, and impactful initiative. The College comprises Advisors, who contribute ad-hoc, and Strategic Advisors who are involved more regularly.

Today, we are delighted to welcome Ms Sarah Wilson as a Strategic Advisor on Asset Stewardship to Global PSSL.

Sarah is a recognised authority in the area of pension finance, asset stewardship and voting. She is the CEO and founder of Minerva Analytics. Since 1995 Sarah and her team have been focussed on supporting asset owners and managers with sustainable stewardship solutions ranging from creating the UK's first electronic voting service through to ESG portfolio analytics. You can learn more about her experience by looking at our College of Advisors website.

This appointment will further our goal of ensuring that Global PSSL evolves as a holistic, inclusive and unifying market standard for transparent and sustainable securities lending around the world.

We look forward to working, and growing, with Sarah Wilson!

Kind regards
